Up to 3 concurrent live projects

National Grid & Ørsted experience

Asta Powerproject, MS Project & Excel

CORE COMPETENCIES

Project Management • Programme Management • Civil Engineering • Groundworks • Energy Infrastructure • SHEQ Leadership • Procurement • Resource Planning • Forecasting • Valuation Support • Stakeholder Management • Subcontractor Management

PROFESSIONAL EXPERIENCE

• **Bateman Groundworks – Project Manager (2025–Present)**

Managing multiple civil engineering and groundworks projects across Norfolk and Suffolk, typically valued between £5m–£15m, with responsibility for up to three live sites simultaneously.

Key responsibilities include:

- Leading site management teams, direct labour and subcontractors, with workforce numbers of up to 25 operatives.
- Producing and managing construction programmes using Microsoft Project and Excel.
- Managing procurement of materials, plant, haulage and specialist subcontractors.
- Working closely with Quantity Surveyors on valuations, progress forecasting and commercial performance reviews.
- Chairing client and progress meetings whilst maintaining strong relationships with clients, consultants and engineers.
- Ensuring projects are delivered safely, on programme, within budget and to the required quality standards.

• **Knights Brown Construction – Site Agent (2024–2025)**

Responsible for the delivery of major energy infrastructure projects, including National Grid substation extensions and Battery Energy Storage System (BESS) developments.

Key responsibilities included:

- Managing day-to-day site operations, subcontractors and direct labour on projects valued up to £15m.
- Producing and managing construction programmes, coordinating resources and monitoring project progress.
- Leading site safety, quality and environmental compliance in line with company and client requirements.
- Chairing site meetings and liaising with clients, consultants, engineers and stakeholders.
- Managing project delivery on a live National Grid infrastructure scheme that received a Knights Brown Site Recognition Award for innovation, safety and overall site performance.

PROFESSIONAL EXPERIENCE (CONTINUED)

- **Bateman Groundworks – Site Manager (2023–2024)**
- **Surwood Groundworks – Site Manager (2022–2023)**
- **EMCOR UK – Buildings & Civils Manager (2021–2022)**
- **Tarmac – Assistant Manager / Quarry Supervisor / Asphalt Plant Supervisor (2015–2021)**
- **MD Stackwood Groundworks – Self-Employed Groundworker (2011–2015)**
